

Roots Run Deep - FAQ Sheet

Q: How much walking will I need to do?

A: There is a short 2-3 minute walk from where the valet takes your car, up to the event entrance. We will have a golf cart available for those who would like a ride. The garden area is not very large. If you choose to go on the farm tour, the walking is minimal; much of the tour will be conducted on golf carts.

Q: What is the attire?

A: This is a casual event at a working farm. The ground is uneven and it is highly recommended for both men and women to dress comfortably and for women to NOT wear high-heeled shoes. It may get chilly; the sun will go behind the mountains early.

Q: What is the difference between the general admission and VIP tickets?

A: General Admission ticket holders will be able to pick up food and beverages from grazing stations located throughout the garden. VIP ticket holders will be seated in the garden, with table service and special, additional wine selections.
